Shrove Tuesday (Pancake Day)

Pancake Day has been celebrated by Britons for centuries. Known also as Shrove Tuesday, its exact date changes every year, as it is determined by when Easter falls. But it is always the day preceding Ash Wednesday (the first day of Lent), and always falls in February or March. This year, you'll need to get your pans ready for Tuesday, 5th March.

The date of Shrove Tuesday is intrinsically linked to Easter, a moveable feast which falls between March 22 and April 25. This year Easter Sunday falls on April 21. The period in between Shrove Tuesday and Easter Sunday is known as Lent and officially begins on Ash Wednesday, ending on Holy Saturday. While it is commonly said that Lent lasts 40 days, there are actually 46 days from Ash Wednesday to Holy Saturday. However traditionally Lent was not followed on Sundays, giving followers a day of rest a week; if you exclude all of the Sundays in the period, then Lent lasts 40 days.

The word shrove is a form of the English word shrive, which means to obtain absolution for one's sins by way of confession and penance. The verb to shrive describes the act of hearing a confession, often by a priest. Shrove Tuesday gets its name from the custom for Christians to be "shriven" before the start of Lent. Traditionally, Anglo-Saxon Christians would go to church to confession and be absolved from their sins on this day.

The day marks the end of Pre-Lenten Season, also known as Shrovetide. The period begins on Septuagesima, three Sundays before Ash Wednesday (this year, it fell on January 31st). The other two Sundays in this 17-day period are called Sexagesima and Quinquagesima. Shrovetide was traditionally seen as a chance to indulge before the prohibitive period of Lent and is tied to Carnival seasons celebrated in other parts of the world. Traditionally, pancakes were eaten on this day to use up rich, indulgent foods like eggs and milk before the fasting season of Lent began.

But although it is enshrined in Christian tradition, it is believed that Pancake Day might originate in a pagan holiday, when eating warm, round pancakes, symbolising the sun, was a way of celebrating the arrival of spring.
